About Me

I am a young, highly motivated, and ambitious software developer with a passion for technology. I have a good knowledge of programming languages and am familiar with various software development tools and methodologies.. I have experience with HTML, CSS, and the basics of Java and JavaScript. I am currently pursuing my bachelor's degree in computer science, which has given me a solid foundation in programming, algorithms, and data structures.

Professional Experience

Volunteer at Afrotiative
2022– Present
